@SOPHIAJUDGE

BOOK FAR IN ADVANCE

Wine tastings, restaurants, and resorts book many months in advance. Be sure to book early for the best selections.

BE PREPARED FOR THE WEATHER

Weather in Napa and Sonoma is sometimes unpredictable. Be sure to research the weather patterns during the season you plan on visiting.

LIMIT YOUR ITINERARY

Napa and Sonoma are large and spread out. Leave plenty of time to savor each experience and get from place to place so you don't feel rushed.

VENTURE OUTSIDE OF NAPA

Sonoma is full of excellent, small wineries with fantastic tasting experiences, and don't forget that the Redwood trees at Muir woods are only a 45 minute drive away!

CAPTURE EVERY MOMENT

California wine country is full of beautiful scenery and unforgettable experiences. Bring a good camera and take advantage of opportunities to capture the memories.
